

## THERE IS A MESSAGE – 23<sup>rd</sup> September 2017

I have learnt the hard way to trust my feelings and my feelings have sent me to you. I have already spoken to the guide at the Baha'i Temple, Ingleside in Sydney. I prayed for guidance and my feelings sent me to that wonderful man for reassurance. I told him my storey and sang him "IMAGINE" from the symphony playing in my mind. He is the second person to believe my storey and embrace me.

On the 14<sup>th</sup> June this year, my hearing switched off – Like a light switch. The next day this symphony started playing. It's the most beautiful thing I have ever heard. It's playing right now and fills whichever space I am in including outside. It resonates with power and feeling from the heart – It's touching.

The symphony started slowly and is building. What I woke to this morning seemed urgent – I'll repeat it here and remember there is a full symphony playing with all the instruments and people singing – Choir and orchestra with baritone, tenor, soprano, violins, viola, cello and bass – It's truly powerful...

### **RUN TO ME** (23<sup>rd</sup> September 2017)

*Hey wait a minute*

*What are you doing here*

*Run to me please run to me*

*Take my hand*

*Here for you and here for me*

*Believe in me believe in you*

*Hey can't you see it hey can you see*

*Let me in please let me in*

*I'll set you free I'll set you free*

*Give peace a chance*

*Give peace in your heart a chance*

*Walk with me and talk with me*

### **IMAGINE** (8th September 2017)

*Imagine only you in this world*

*Only you alone in this world*

*Walking alone only you*

*Take my hand please take my hand*

*Can't you see oh can't you see*

*Believe in you believe in me*

*Give peace a chance*

*Let me in please let me in*

*Imagine only me in this world*

*Walking alone searching for you*

*I love you I love you Love me too*

*Here with you now and here with me*

Of the people, I have told – 10 have believed me and embraced me – My feeling is that more people should hear this message. And, there is a message: First of forgiveness – "Give peace a chance" Forgive others and then yourself... It was a battle that raged in me for a full year but, I did it. I forgave everyone who had ever hurt me and then I forgave myself. That leaves a clean slate for God to enter your life.

"Believe in me believe in you" – Is about us believing in God but also being good enough for God to believe in us. Being that good is also a battle but, in the process you develop a conscience. You become a better person and the world becomes a better place. "Hey wait a minute, what are you doing here" Is a modern way of telling us to stop and think before we go down the wrong path.

I have learnt from life experience that there is more to heaven and earth than meets the eye. This is a true storey happening right now and today – It is a message of reassurance and renews our faith in life and our self - God gives all of us his love, help and support...
