

KINGDOM OF THE LORD

Take my hand and walk with me
It's the kingdom of the Lord as you will see
What's bad is bad and what's right is right
It's as easy to see as day and night

Those who give and those who share
Those who feel and those who care, they will stand
The good will stand, and the bad will fall
It's the kingdom of the Lord after all

What's right is right as you will see
It's the kingdom of the Lord for you and me
For those who give and those who share
For those who feel and those who care

What's in your heart is what will be
In the Kingdom of the Lord right here with me
Stand with me – Standing tall
The good will stand and the bad will fall

It's the kingdom of the Lord after all
It's the kingdom of the Lord after all
The good will stand and the bad will fall
In the kingdom of the Lord

In the kingdom of the Lord
There's just one way and that's here to me
Standing here, right next to me
What right is right and that will be, that will be
